

NEED GLASSES?

Do your eyes tire easily when you read or watch TV? Perhaps you need glasses or your present lenses need changing! An examination will determine if your vision is faulty. If you do not need glasses, we will tell you. Should vision correction be advisable, we can supply you with the type of glasses that will provide maximum comfort. Our prices are moderate; easy terms. Come in soon.

North High Students Commended for Outstanding Citizenship at Assembly

North High School honored 23 students at an assembly recently. Each student received a special service award certificate commending him for outstanding service and citizenship in the school year. The purpose of the award is to give recognition to students who have not previously been honored for their accomplishments.

Those receiving awards were Carole Atkins, working with the Pep Squad; Terry Baker, work in the art department; Mike Bartlett, work on junior class activities; Hilton Beiro, work for KNHS (radio station); Lynn D'Alois, work for the sophomore council.

Others are Peggy Gutsch, service to the sophomore council; David Hoffman, work in Candy Stripper program; Don Hollister, service on KNHS; Marilyn Jordan, work for the art department; Judy Levring, service in many school activities; Jeff Lindsey, work for the art department; Gary Mowry, work for the art department on the Variety and Fashion shows.

Also receiving awards were Sina Osterburg, work for the sophomore class; Sonja Pesola, work as chairman of Variety Five week; Jerry Reynolds, service in many activities; Jerry Rood, work on KNHS; Delores Sanchez, outstanding citizenship; Leila Santor, service as public

relations director.

Dwain Saunders, excellent work for the senior class; Judy Sheets, work for the Girls' League; Janice Verne, work for the junior class; James Waddle, service to North High; Edwin Wood, service on science day.

Receiving leadership medals for work on the student council "beyond the call of duty" were Joyce Flocken, commissioner of group control; Yvonne Knight, commissioner of business management; Bob McHugh, senior class president; Tom Steinemann, Boys' League president, and Lucienne Eisholtz, American Field Service representative.

Prairie Avenue Work Will Be Finished Soon

Widening and improvement of Prairie ave. between Artesia blvd. and 182nd st. in Torrance is scheduled to be completed within 30 days, Supervisor Kenneth Hahn reported this week.

Major portion of financing of the project, being carried out under the supervision of Torrance City Engineer Ronald W. Bishop, was provided by the county out of gas tax funds on the basis that the improvement of the roadway will be of general county interest, Hahn said.

Curbs and gutters have been installed most of the distance and the aggregate base for the pavement has been installed. Placing of the pavement is expected to begin within the next few days, Bishop reported to the supervisor this week.

Modernization of the road included widening to four full lanes of traffic plus paved shoulders, curbs and gutters, on a right of way of 80 feet.

"In addition to providing a better, safer roadway for motorists, this project will help to provide better safety for children attending the Perry and Edison elementary schools and North High School," Hahn said.

TRANSFER DEVELOPMENT

Development work now conducted at the Torrance plant of Stauffer Chemical co., will be transferred to new facilities in Richmond, Calif., where construction on a \$100,000 structure is now under way.

The Dentist Says: ERNEST J. TARR, D.D.S.

Place Dentures Immediately After Extraction

"What is an immediate denture?" asks Mrs. L. R., of Harbor City.

An immediate denture is one where the remaining natural teeth are removed and the denture is placed directly in the mouth, so the patient does not have to go without teeth.

Usually the front teeth are left. Then when the denture is ready, these are extracted and the denture inserted.

As the gums heal, the denture will gradually loosen up and sore spots may develop as the denture continues to settle. If the denture becomes too loose, your dentist may recommend some form of adhesive to help you until the gums are completely healed.

The denture can then be refitted, or in cases where the change is so great that the bite has changed, the dentures may have to be remade.

If there is anything you do not understand, you may phone me directly and I will give you any information you may desire. Phone FA. 8-0250.

Dental Work Done In Evenings

"I work during the day and can't get off to see the dentist. I have a lot of dental work to be done. What can I do about it?" —writes Mrs. W. R. of Torrance.

There are very few dentists who are open evenings and even those that are open at night only take preferred patients.

I have realized the importance of this situation for a long time and in an attempt to remedy it, I keep my office open until 7:00 p.m. Monday through Friday.

These hours are open to everyone and my low fees remain the same. I feel it is my duty to the community to offer a dental health service at night and I believe mine is the only dental office open evenings regularly in the Torrance area.

So, if you wish an evening dental visit, just drop into the office or make an appointment by phoning me at FA. 8-0250.
